MLS® #913845

\$2,900,000

4 Bedroom, 5.00 Bathroom, 4,022 sqft

Residential on 0.34 Acres

BURNT PINE, Miramar Beach, FL

An absolutely beautiful 4 bedroom, 4 and a half bath, custom home located in the gated neighborhood of Burnt Pine and The Beach and Golf Resort of Sandestin. As you enter the property through the decorative iron gate and into the large brick courtyard, complete with fountain, you pass the privately accessed and spacious guest quarters with ensuite bath, wood flooring, a large walk-in closet, beverage bar and with its own HVAC system. Entering the home with its open floor plan and magnificent exposed wooden ceiling trusses that adorn the large living and dining room, along with the stone fireplace, is simply a spectacular sight. The gourmet kitchen's high-end and paneled appliances, pewter fixtures, Carrara marble backsplash, and beautiful concrete vent hood completely compliment the kitchen's island which holds the Sub Zero ice maker, Wolf microwave/convection oven, Wolf warming drawer, vegetable sink with disposal and more storage cabinetry. The walk-in pantry is a good size and has painted wood shelving. The built-in refrigerator/freezer is a Sub Zero, and there are a set of Fisher-Paykel dishwasher drawers and another full sized Wolf dishwasher. The gas range, with its six burner plus griddle cooktop, is also a Wolf. The double stainless sink area's windows view the outdoor kitchen and beyond. In keeping with luxury estates, nothing has been overlooked here. One of the newest homes on the market, built in 2013, it has impact resistant

windows and doors and was built to the newer storm codes.

The foyer is an elegant entrance with barrel ceilings, exquisite hand painted wall paper and crystal wall sconces. There is a full sized, temperature controlled wine room found behind a decorative iron scrolled door, accessed through the den located off the kitchen, which is a showpiece in itself.

Adorned with mahogany stained custom cabinetry built-ins, and large scaled mirrors, the den is a bit masculine and the perfect spot to enjoy a good glass of wine, read a book, or keep up with the news. Meander outside through one of the glass double doors accessed from the living and dining rooms.

There you will find a complete outdoor kitchen with appliances and running water. The brick adorned porches, motorized screening, outdoor gas fireplace with electric start, dining and seating areas all overlook the sparkling pool, spa, and the Burnt Pine golf course beyond located on the 11th hole. It's another charming living, dining, and entertaining space to be enjoyed year round with family and friends. The exterior of the home, with its many architectural features, continues to add to its uniqueness. You will notice the copper rain gutters, rain chain, the arched wooden doors and shutters, and the brick and aluminum fencing dotted with outdoor lighting fixtures that add to the attractiveness of that living area. There is a full home sound system covering both interior and exterior, and a security system. Much thought went into designing and building this one of a kind residence with a French Country feel, and Huff Builders did a great job! The master bedroom and en-suite bathroom are a spacious and private wing of the home. Located on the first floor, the master bedroom views and accesses the pool, spa and screen porch. The master bathroom is a spa-like retreat with its double stone top vanities, adorned with crystal lighting

sconces, large mirrors, exquisite hardware and fixtures, separate steam shower, elegant bathtub, his and her walk-in closet with custom built-ins, and the his and her water closets.

The home office includes more custom cabinetry built-ins, including a desk and work space and is located on the first floor, as well as the elegant powder room, the sizable laundry room and access to the attached garage. On the second floor you will find two more large guest bedrooms with beautiful en-suite baths, walk-in closets, and a lovely seating and media area separating the suites along with a sizable walk-in storage closet and the 3rd HVAC system controlling the 2nd floor.

The home is selling unfurnished, but some pieces are negotiable. Do not miss viewing this masterpiece, it will not disappoint.

Built in 2013
